

2019-2020
KCFS short and medium goals

Date: Feb 2, 2019

Safety:

- KCFS should lead the league in player safety regulations, forward thinking and fact base analysis to determine that the best equipment and rules set should be for the players safety.

Business:

- To lead as an organization in structure and transparency, with a focus on player safety and player experience.
- Strive to be good stewards of the community and grow the football program in the community by building sponsorship, fundraising and player recruitment.
- Build an organization that uses measurable and recordable systems for all activities, including but not limited to; objectives, roles, responsibility and accountability.
- Have a transparent procedure to deal with complaints.
- Add more structure to document creating, keeping and training.
- Develop systems to help coaching and training of new coaches, and trainers.
- Try to provide the players with high level player development camps during the season, and off-seasons.
- Evaluate player equipment and provide the players with tested equipment to ensure player safety.
- To ensure every critical position in the organization has an alternate to be able to fill in and share information if required.
- Improve online presence and communication with a more interactive website, and social media with more information for the community.
- Ensure information that goes to the parents is as black and white as possible, this will help with complaints and consistency.
- Maintain fiscal responsibility for all members, and build a program that builds a legacy for future seasons.
